

## inspiring solutions

Established in 1997, Adams' Multilingual Recruitment provides specialist recruitment solutions to international companies throughout the Netherlands. Our portfolio of clients encompasses an extensive range of industry sectors, from global telecommunications companies through to non profit organisations. We aim to meet our clients' needs, be it for temporary staffing solutions, interim personnel or recruitment for permanent staff. We are committed to delivering a top quality service to clients and candidates alike.

## sharing visions

Our Recruitment Consultants are experienced professionals, from various commercial backgrounds, who understand the importance of listening carefully to our clients and finding solutions that work in both the long and short term. They are all highly motivated and aim to provide the highest level of service. The Consultants work within specific areas such as executive, customer services, secretarial and administrative support, finance, human resources and sales and marketing. This in-depth knowledge allows us to work closely with our clients on a consultative basis, advising and working in partnership, resulting in the perfect match between client and candidate.

## promoting talent

Adams' Multilingual Recruitment maintains an extensive database of multilingual and international professionals. Our candidates represent more than 50 different nationalities and have expertise in a range of professional areas. Whilst the majority of our candidates already reside here, we also work with candidates from outside of the Netherlands if we believe that these candidates can offer added value to our clients. Our role is to connect companies with the international talent they need to improve their business, within the shortest possible time frame.

## creating opportunities

Each candidate is carefully screened using competency based interviews to create a comprehensive profile. By taking the time to get to know our candidates, Adams' Multilingual Recruitment is able to provide a written summary that encompasses the characteristics and skills of the candidates. This goes beyond their education and experience and includes personality and motivation, to ensure that the candidate chosen is not only the best match today, but also the best match for the future.

## remaining professional

From our client relationships to candidate screening, from the first interview to the placement and follow-up, our service emphasises professionalism in everything we do. Our reputation for quality and integrity is the cornerstone of our business and the work we do is the reflection of our commitment to excellence.
